To Whom It May Concern,

This is to certify that **Mr. Eyasir Arafat** has been employed at **South Bangla IT Zone**, located at *Narkel Tola, Khulna Satkhira Highway, Satkhira-9400*, since **July 4, 2020**, and is currently serving as a **Web Developer**.

During his ongoing tenure, Mr. Arafat has been responsible for:

- Designing, developing, and maintaining dynamic web applications using Laravel
- Writing clean, efficient code and building RESTful APIs
- Managing databases and integrating third-party services
- Collaborating with frontend developers to create user-friendly interfaces
- Ensuring optimal performance, security, and scalability
- Debugging issues, conducting testing, and deploying updates
- Following best coding practices and staying current with Laravel and PHP technologies

His contributions have consistently supported the success of our projects and aligned with our business goals. We commend his dedication and technical proficiency.

We wish him continued success in all future endeavors.

Sincerely,
Rabiul Islam
CEO
